

Сервисная кампания: Шаровые опоры.

Марка CITROËN проводит сервисную кампанию в целях повышения качества продукции и обеспечения ее соответствия требованиям технических регламентов. На трёхсот трёх (303) автомобилях модели Citroen Spacetourer, произведенных с мая 2017 по июнь 2018 года и двухсот десяти (210) автомобилях модели Citroen Jumpy, произведенных с ноября 2017 по август 2018 года, будет выполнено обеспечение уровня затяжки шаровых опор путем нанесения стопорящего состава и увеличения момента затяжки. При обнаружении во время проведения работ ослабления затяжки шаровых опор, опоры будут заменены.

Дилерские центры CITROËN информируют владельцев автомобилей, подпадающих под кампанию, путем рассылки писем и по телефону. Одновременно владельцы могут самостоятельно определить, участвует ли их транспортное средство в кампании, сопоставив VIN-код собственного автомобиля с прилагаемым перечнем.

В случае участия автомобиля в кампании, убедительно просим владельцев связаться с ближайшим дилерским центром и записаться на сервисные работы. Все работы в рамках кампании проводятся бесплатно и занимают не более часа.

Список VIN номеров
